Welcome back to Wewak Street School for 2019. Students and Staff are very happy to be back and engaged in learning.

I would like to acknowledge and thank a long-time staff member who has decided to begin a well - earned retirement, Friday will be Roy Lawson's last day with Wewak Street School.

Wewak Street School welcomes Michelle Wilson and Kim Langston to the school.

Alison Fuller, school counsellor, will be working at Wewak Street School on Monday and Tuesday.

Paula Draper, Library, will be doing administration on Monday afternoons, we also welcome Anne Dobson, Positive Behaviour for Learning (Head Teacher) who will be based at Wewak Street School.

What an incredibly hot start to the year, just a reminder that during the hot weather it is vital for students to bring or have access to water, wear hats, and play in the shade. During these extreme hot days, students find relief in open classrooms and air-conditioned areas.

In the coming weeks teachers will be inviting parents/carers and therapists to meet and plan students learning for the next semester.

Meetings will be scheduled during week 3 and 4 (February the 11th to February the 22nd). These meetings are a great opportunity to share information and plan for the individual needs of each student.

Parents are able to contact the school through the student communication books, which are sent home with students each day, also the app Seesaw, or they can ring the school to speak with classroom staff before or after school most days.

If the matter is urgent parents are able to call the school on (02) 6040 6284 and speak with either Karen or myself, or they can come up to the school and see us directly.

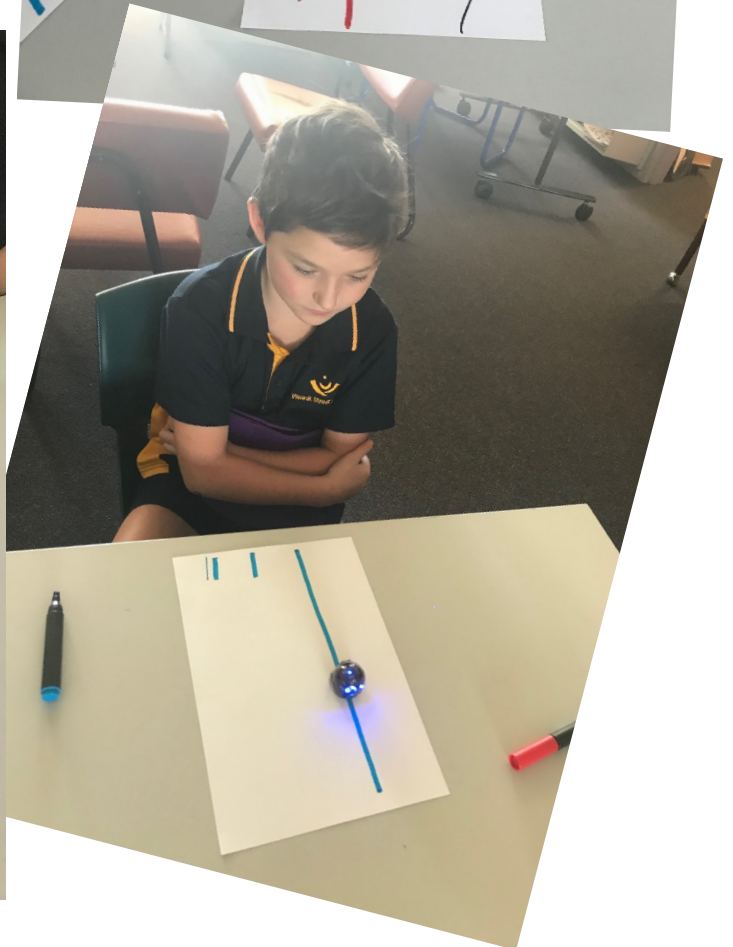

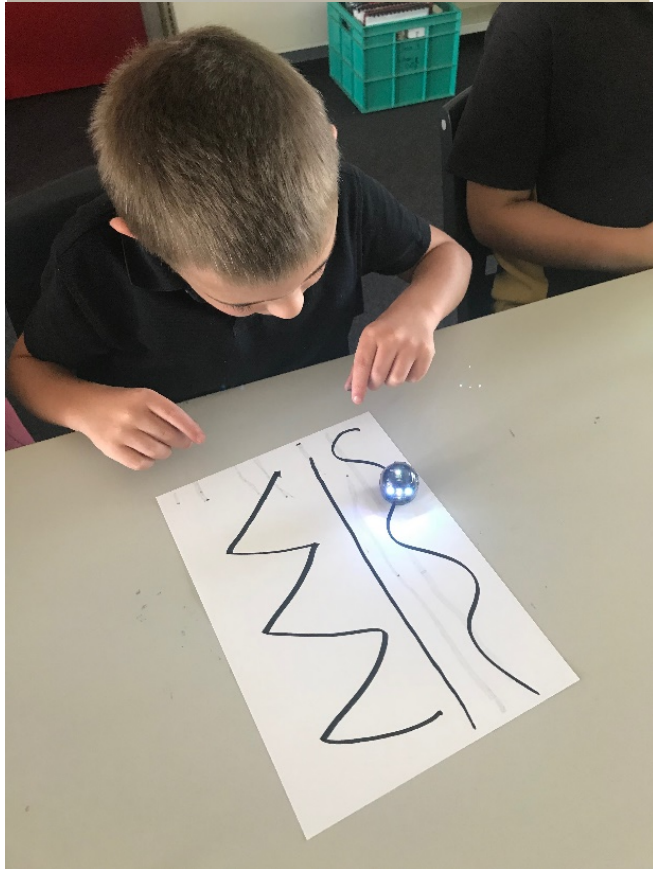

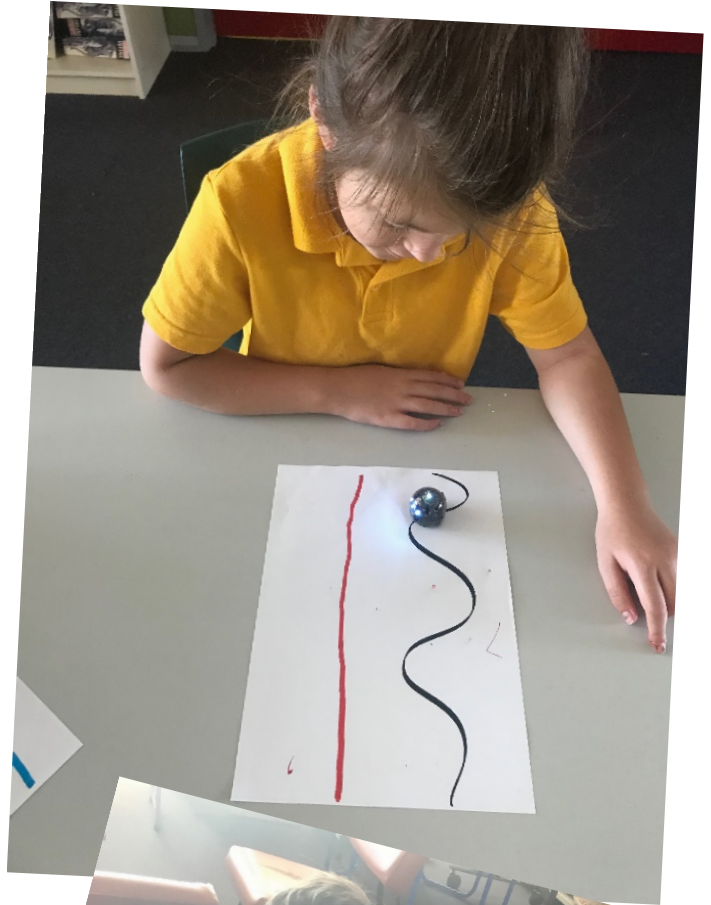

Wewak Street School wants to keep communication channels open with all of our families. If you have an issue or concern please give the school a call and we will endeavour to solve it for you as quickly as possible.

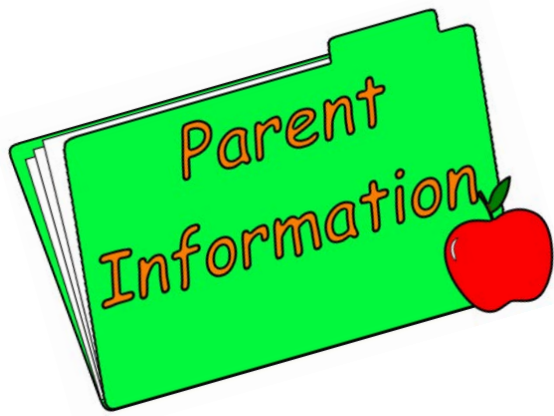

I look forward to an exciting and wonderful year with all the new changes throughout our school.

Yours sincerely

Charmaine Borchert
Principal

Class 4 enjoying S.T.E.A.M

 SunSmart Snippet

The simplest way

... to reduce your child's skin cancer risk

2 in 3 people who grow up in Australia will be diagnosed with skin cancer in their lifetime.

Protect their skin in these FIVE ways:

- **Slip** on sun-protective clothing
- **Slop** on SPF 30 sunscreen or higher
- **Slap** on a broad-brimmed, bucket or legionnaire hat
- **Seek** shade
- **Slide** on some wrap-around sunglasses.

When you protect your child's skin, you reduce their risk of skin cancer.

To help keep your kids safe in the sun, check your schools SunSmart status by heading to www.sunsmartnsw.com.au
