How to sign it: With pointer finger hooked move hand down slightly, twice.

Blue

How to sign it: Rub back of wrist back and forth with fingertips twice.

Principal's Message

Term 2 Week 10

Winter is definitely here and mornings are very cold. Please remember to label coats, hats and jumpers with your child's name. Students do not always remember to put their items in their bags!

Sometimes student's get wet and a need change of clothes. If possible, could they bring a change in their bag? We try to keep some uniforms at school but we do not always have the right size or they do not like wearing school pre-owned items. If times available, we endeavour to wash and dry clothes if dirtied at school.

This term has been amazingly complex and it has been very hard at times. The term started with learning from home that brought with it many challenges. Slowly restrictions have been eased and it has been wonderful to have student back in classes and on school grounds. Hopefully, we will see more easing of restrictions in term 3.

It has been wonderful to read each student's report. I commend all the students and staff for their hard work and dedicated approach to teaching and learning throughout this Semester. I hope that you enjoy them as much as I have.

On behalf of the school I wish you a restful and healthy break and look forward to seeing students returning ready to have a great term 3.

Charmaine Borchert

Principal

Getting to know students better and what their needs are.

Only one more week to go before the end of Term 2! It's been wonderful getting to know everyone and learning what their interests are.

All the students are getting to know the library better too. They have been learning all about how to use the library catalogue to find books, and how to use the internet for research. I have learned so much more about dinosaurs, cats and dogs, the planets and how the brain works in the last few weeks. It's been so much fun! Learning comes from many places, and books are only the start.

Speaking of planets, there are two amazing phone apps you can use to find out where the planets are in the sky right now. All you have to do is load the app and point your phone to the sky, and you can start tracking stars, planets and satellites in real time. This could be a fun activity for you to do as a family during the holidays.

If you have an iPhone, you can download **Skyview Lite**

If you have an Android phone, then **Sky Safari** is the app for you.

Enjoy your holiday break, looking forward to seeing everyone again next term!

Please provide a named drink bottle for your child.
Covid-19 restrictions state NO bubblers are to be used.

Playground fun

COMMUNITY NEWS

SCHOOL HOLIDAY NETBALL CLINIC

LAUREN JACKSON SPORTS CENTRE - ALBURY
